Hello Steve, Roxanne and Thu

Attached for your review is the draft update on the progress that has been made on the AOC. There will be a lot of changes to the formatting of the document after your review, so please just focus your energies on responding to the content we've included. Please return all comments to me by EOD Monday. If you'd like to talk through any of the sections feel free to give me a call.

Thank you,

Lyndsey Tu
